Fax: 888-686-2353  
E-mail: laurie@1to1tutor.org  
Address: 37170 High Vista Drive, Murrieta, CA 92563

### Description of Services:

Tutor Owl has been providing on-line, one-on-one tutoring for the past 12 months. We will provide online tutoring in the subject area of Mathematics, grades 3 thru 12, as defined by the Texas state board of education core curriculum standards, to include but not limited to: Basic Math, Pre-Algebra, Algebra, Pre-Calculus, Calculus, Trigonometry and Geometry.

### Description of Instructor Qualifications:

All Tutor Owl tutors must have the minimum equivalent of a Bachelor's degree. Specifically, all our tutors have attended Indian Colleges and Universities and therefore have an Indian Bachelor of Technology degree with attendance for a minimum of 3 years. However, many of them have a Master's degree. According to John Kersey, Ph.D., Marquess Educational Consultants, Ltd. in a whitepaper which can be downloaded at [www.degree.com/articles/3-year-indian-degree.html](http://www.degree.com/articles/3-year-indian-degree.html), many outstanding U.S. universities, such as Harvard, Georgetown, etc. to name a few, were surveyed and are prepared to consider the Indian 3 year Bachelor's degree acceptable for entrance into their Master's programs. Additionally, please note that Tutor Owl only hires tutors who have graduated with honors.

### Description of Evidence of Effectiveness:

Tutor Owl has randomly requested parents/guardians of 16 students to evaluate the effectiveness of their math tutoring sessions. As a result of this survey, Tutor Owl achieved a 76% success rate of improving the students test scores in the classroom, and 100% of providing other related improvement, i.e. the understanding of concepts, completion of homework assignments.
