Title: Principal
Telephone: (713)256-9675
Fax:
E-mail: akwetehines@mindspring.com
Address: 5380 W. 34th Street #262 Houston, TX 77092

Description of Services:

Educator Resources believes that hands on tutoring works best. Each highly qualified tutor enthusiastically provides the instruction, answers questions and directly encourages students to succeed during each session. Tutoring is both interactive and challenging. Student's and parents determine what goals they would like to achieve from tutoring and each student works toward achieving his or her goals. Each student also receives a snack and has an opportunity to win rewards for participation. Reading comprehension and writing are taught with an emphasis on engaging different learning styles. Educator Resources recognizes that all students learn differently. Therefore instruction is tailored to maximize individual strengths after student-learning styles have been assessed. Students are taught a variety of reading comprehension strategies in order to decode meanings both stated and inferred more effectively.

The math instruction combines rigor, relevance to current classroom curriculum and a relationship with the student. Students' foundational issues are addressed to increase their opportunity for success within the classroom and on standardized exams. Repetition and timed activities are used routinely to increase the student's proficiency within a short period of time.

Description of Instructor Qualifications:

The majority of our instructors have a minimum of a bachelor's degree (and many have graduate degrees and beyond) and have worked professionally in industry. Their professional knowledge of Mathematics and English Language Arts combined with an unparalleled concern and enthusiasm for helping students enables them to assist the students in overcoming their obstacles to learning. Our tutors are members from the community and youth-friendly.

Description of Evidence of Effectiveness:

Students' surveys have overwhelmingly expressed their gratitude for the rigorous and foundational support they have received in our tutoring program. Furthermore, their grades have improved along with their attendance which also supports the effectiveness of tutoring by Educator Resources. Teachers and parents have also expressed their gratitude to Educator Resources for the superior and high quality services that their students received.
