

Job Alike Training
Oct. 25, 2004
4:30-7:30pm
Academy Conference Room

Goals for this year:

- Continue working on resources for the curriculum – lessons and ideas
- Find ways to save teachers time
- Move teachers up LoTI levels
- Continue to bring classroom management to the forefront
- Teachers share with others how this has changed their practice
- Share ideas with the rest of the staff

Agenda

- **Icebreaker**
- **Learning from Laptops**
- **Ideas for classroom management**
- **Breakout Groups – Language Arts, Science, Math, Social Studies**
 - Select facilitator and scribe for this session
 - Review what was accomplished last year
 - Gap Analysis and TAKS data
 - Best practices of research in the content areas (handout):
 - How many of these strategies are you using in the classroom/school?
 - Which would you like more information about?
 - How can we incorporate these strategies as we develop curriculum?
 - Who on your faculty could be a resource for you?
 - Set goals for future sessions
 - Where does your group need to start? What are the areas of greatest need?
 - What instructional considerations, lessons, units could you develop that would support the areas of greatest need?
 - What format would those take? (for EdSoft, Blackboard, website...)
 - What will you commit to sharing back at your campus with your colleagues?
