Date Submitted Grade level when submitted

IRVING ISD VERIFICATION OF COMMUNITY SERVICE

Special recognition will be given to IISD graduates completing more than one hundred (100) hours of community service during grades 9 – 12. Community service is defined as "voluntary activity undertaken to improve the quality of life for citizens in the community". Community service performed as a consequence of inappropriate behavior (e.g., "Teen Court") is not eligible for consideration. Other types of service that are not eligible are: fundraising events benefiting your class, club or organization (with the exception of Booster Blitz), service to those within your household or family, and office aides during required class periods. Students who wish to be recognized for community service at graduation and/or award assemblies, must turn in a signed verification form for each completed community service project. Each student's records will be subject to random checking. A student submitting any false information will be ineligible for recognition.

1. Give a brief description of your community service project or activity, including the need or purpose of the project:

2. Date(s) of service for this project: _____

3. Total time served for this project is _____ hours (use decimal for partial hour)

4. Signature of supervising teacher or adult _____

   Phone #: _____
   Date signed: _____

5. Signature of parent/guardian _____

6. Brief reflection of what was learned and/or your feeling of accomplishment (optional):
