

SUPPORT SERVICES

The Irving Independent School District encompasses 45.7 square miles. In terms of facilities information, the district consists of 48 permanent facilities and 96 portable buildings for a total of 4,748,348 square feet. All facilities are contained within 599.38 acres of district property.

The Support Services division oversees the operations of four departments: facilities, security and operations, athletics, and food service. Each department is managed by a director. In addition to oversight of these departments, the Support Services division manages/conducts all school district elections pertaining to the Board of Trustees and Bond Referendums, and coordinates all revenue-producing activities such as cell tower leases, mineral right leases, land acquisitions and sale, and contracted vending services.
