INTRODUCTION

This is the IISD Street and Base Zone Directory for 2007-2008. There are no boundary changes for this year. Again this year, the actual address listings in the Street and Base Zone Directory are now maintained online as part of the Pentamation database. For anyone needing an update of the address listings found in the Directory, simply call the Pentamation help desk and ask for report number REG1500. This report can generate an address listing for the entire district, a campus or a base zone. Also, please be aware that parents can look up the schools for their address by clicking on the School Finder icon on the parent page of the Irving ISD website.

Every effort has been made to accurately reflect the school boundaries in the detailed address listings in the Street and Base Zone Directory and on the District web page. Even so, we depend on our users to help us by calling Kathy Brinkley at (972) 215-5085 if there is a question about anything in the Directory. Phone calls from Directory users help us to discover and eliminate errors, so your ongoing assistance is truly appreciated.

In the event of any inconsistency between the boundary descriptions in the Directory and the detailed listings in the Directory or various maps of the District, *the boundary descriptions take precedence*. The latest District maps are generally accurate, but the placement of boundaries on a map is only approximate. The listings in the Directory are also generally accurate, but errors occasionally can and do occur. Questions from patrons about streets and addresses near a campus boundary should be answered very carefully by referring to the boundary descriptions toward the back of the Directory.

The staff of the Planning, Evaluation & Research Department appreciates the assistance of everyone who has called with corrections and suggestions in the past. We hope you will continue to find the Directory to be useful, and we continue to welcome your feedback. Thank you for helping to make the Street and Base Zone Directory a useful tool for all of the staff and patrons of the Irving ISD.

Important Reminder: Base Zone 099 is now a real geographic zone and should no longer be used to indicate that a student is from out of district. The “out-of-district” base zone is now 999.
