

## THE “FANTASTIC” ART!

1. Circle: a closed plane curve every point of which is equally distant from a point within it.

History pg.163  
It's a window!

2. Square: to form with right angles, straight edges, and flat surfaces.

History pg. 91 It's a map!

Mendez, Fernanda  
Math 4/8  
Mrs. Graham

3. Triangle: A polygon that has three angles.

History pg. 139 In map key!
