

# BETTER TOGETHER

*Irving Public Library has partnered with Irving ISD to provide eBooks to students!*

To further the shared goal of empowering students to become literate members of our community and lifelong readers, our students now have access to a new digital library provided by Irving Public Libraries! The Axis 360 application and new content will enhance the school district's current library services by providing school library patrons (students and teachers) additional options for reading and research in and away from the library.

## **BENEFITS OF A DIGITAL LIBRARY:**

### **CONVENIENCE**

- Both eBooks and audiobooks can be checked out online, anywhere, anytime (even when the library is closed!)
- Digital titles are returned automatically upon expiration, avoiding the hassle of late, lost or damaged books

### **ACCESSIBILITY**

- eBooks and audiobooks can be accessed on a PC or from the Axis 360 mobile app
- Content is available in the school library system

### **SUPPORTS LEARNING**

- Librarians and teachers can create recommended reading lists for their students
- Built-in tools for research, highlighting and note-taking enhance the reading experience

## **TWO WAYS TO ACCESS THE AXIS 360 DIGITAL LIBRARY:**

From any Android, Apple or Kindle Fire... students will download the free Axis 360 app, search for their school and then log in using their network ID and password

From a PC, Mac, Chromebook or tablet...go to <http://IPLSK12.axis360.baker-taylor.com> choose their school and then log in using their network ID and password
