Breaking News

By order of the local health authority – Dallas County Health and Human Services – no school district in Dallas County shall open for in-person learning until after September 7. However, Irving ISD will start school as scheduled on August 17, and will provide remote learning **ONLY** for all students. The district will continue to update you as we receive more guidance regarding in-person instruction, and if it can begin on September 8. Remote learning will continue as an option beyond September 8 for those families who selected the remote learning option for their child.
