# DEPARTMENT IDENTIFIERS

---

# DEPARTMENT IDENTIFIERS

Department identifiers connect the central staff brand identity to the district logo. The two approved formats include a horizontal and vertical identifier. Acceptable colors for the department identifiers include Pantone 7693 C navy blue or white. To protect the integrity of the brand, departments will no longer have individual logos. There are two approved layouts for department identifiers:

Horizontal:  
Pantone 7693 C navy blue and white

Vertical:  
Pantone 7693 C navy blue and white

Horizontal:  
Pantone 7693 C navy blue and white

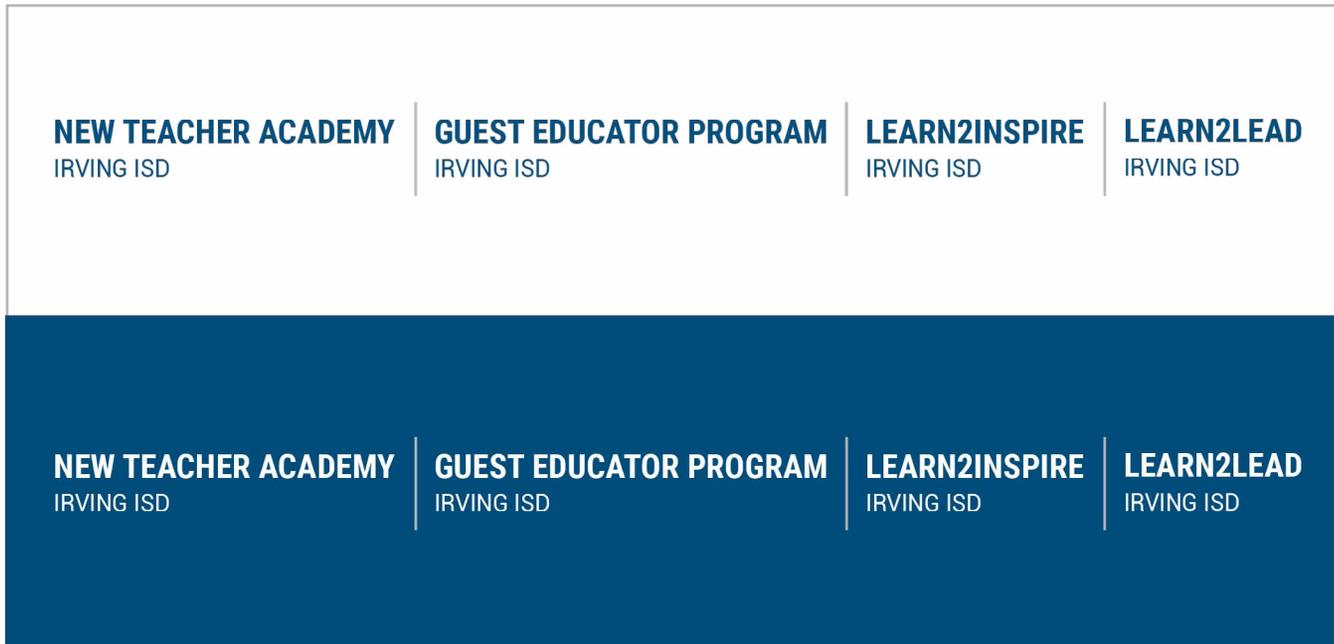

Vertical:  
Pantone 7693 C navy blue and white

# PROGRAM IDENTIFIERS

---

# PROGRAM IDENTIFIERS

Program identifiers are categorized as short-term plans that will achieve specific results. They are temporary but can be seasonal, yearly or recurring. Program identifiers will only be font treatments without icons or imagery of any kind. The program name will be in Roboto font, and “IRVING ISD” will appear below it in Roboto Condensed font. Acceptable colors for the department identifiers include Pantone 7693 C navy blue or white.

# INITIATIVE IDENTIFIERS

---

# INITIATIVE IDENTIFIERS

Initiative identifiers are categorized as solving a problem or challenge that will last as long as needed to achieve the desired result. They have a Oswald font treatment that is in line with acceptable district fonts (see page 17) and can include simple illustrative style icons (see page 15). The initiative identifiers should always use colors from the district color palette (see page 19).

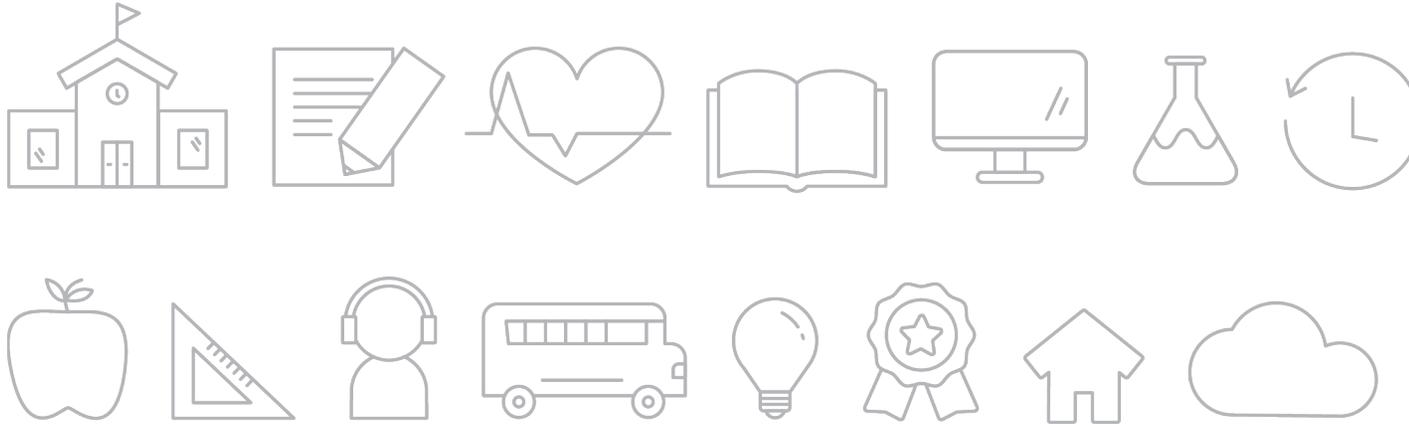

# ICONOGRAPHY

---

# ICONOGRAPHY

Icons should be simple linework and single colored to convey concepts. Any iconography should always use colors from the district color palette (see page 19).

TYPOGRAPHY

---

# TYPOGRAPHY

Consistent typography reaffirms the Irving ISD brand. Below are the district-approved fonts. These fonts may be used with their font families. A font family is a set of fonts that differ in style such as the weight (light, normal, italic, semi-bold, bold, etc.). An example of a font family is Roboto, which consists of thin, regular, italic, medium, medium italic and bold versions of the same typeface.

If you do not have these fonts installed on your computer, visits [fonts.google.com](https://fonts.google.com) to download them. After selecting the font that is needed, the entire font family can be downloaded on the upper right by clicking "Download Family". Afterwards, the compressed font file must be unzipped and each font will need to be installed individually after double clicking .ttf or .otf. If you have questions or need help downloading the fonts, please contact the department of Marketing and Communications at 972-600-5200.

## VIDEO GUIDELINES

---

# BEST PRACTICES FOR CAPTURING VIDEO ON A PHONE OR TABLET

We love spotlighting our students, staff and teachers through video to promote the great things happening in Irving ISD. As you capture video, please use these best practices to ensure the picture is clear, the volume is loud and the person being recorded looks good!

Industry standards and analytics show that videos should be kept short!

- 90 seconds – Maximum
- 60 seconds – Ideal
- 30 seconds – Best!

## Tip 1: Select HD Setting

Set your camera on High Definition (HD).

- If you are using an Apple device, use the HD setting: (HD) 1080P 30fps.
- If you are using a Samsung device, use the HD setting: FHD 1920x1080 (in this case FHD stands for Full High Definition).

## Tip 2: Go to a Well-Lit Location

Videotape in a well-lit area where your main light source (i.e. room light or sunlight) is casting light on the person(s) you are videotaping and not behind them.

## Tip 3: Find a Quiet Place

Whether you are using the built-in microphone on your device or an external microphone, find a quiet place to videotape. Background noise can make it hard for the person to be heard clearly. If you are recording outside, take traffic and weather into account. Heavy winds can also ruin the audio.

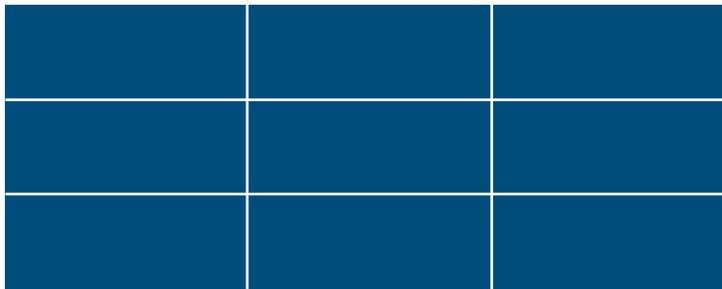

## Tip 4: Use the Right Composition

When framing the shot on your phone, make sure you hold the phone in landscape (horizontally) as opposed to portrait (vertically).

# BEST PRACTICES FOR CAPTURING VIDEO ON A PHONE OR TABLET

## Things to keep in mind:

- Headroom - Leave some distance between the top of your subject's head and the top of the frame, also known as the screen. You want "some" headroom but not a lot.
- Lead Space (Nose Room) - This is the amount of space in front of the subject when capturing your subject in profile. In this case, you want to leave more room in the direction the subject is looking.
- Rule of Thirds: Both Headroom and Lead Space can be addressed using the rule of thirds, which breaks the screen into thirds horizontally and vertically to find your points of interest. For Headroom, you want your subject's eyes on the top line. For Lead Space, you can use the vertical lines to frame your subject so there is more room in the direction they are looking

- For Headroom, you want your subject's eyes on the top line.
- For Lead Space, you can use the vertical lines to frame your subject so there is more room in the direction they are looking.

## Tip 5: Send it Off

If you are sending the video to the Department of Marketing and Communications, please send your video through:

- Email: This is the easiest way to send, assuming the file isn't too large.
- Google Drive: If your video is too large, your video can be sent through your Google Drive. Just make sure you give proper permissions for the recipient to view and download the video.
- Dropbox or similar storage apps: Feel free to use these apps as a way to send the video.

## COMMUNICATION CHANNELS

---

# COMMUNICATION CHANNELS

Irving ISD understands the importance of providing strong communication to our families. To ensure all families receive communication through various channels and in a timely manner, both the district and schools can communicate in the following ways:

## **School Messenger:**

This automated parent notification system provides the district and schools the ability to generate telephone, email and/or text notifications to families.

### Tips for Successful Messages:

- Keep messages short. Stay within 45 to 60 seconds.
- Categorize your message depending on the purpose. Categories are:
  - Emergencies
  - Weather
  - Attendance
  - General announcements
- Broadcasts can be sent to an entire school or to a specified group of students or staff
- Have a translator translate messages. The translator feature on School Messenger is not accurate.
- Keep current parent phone numbers and email addresses. School Messenger will email a report to the person who sent the message. The report will include the message delivery rate as well as the number of incorrect phone numbers and/or email addresses.
- To add a School Messenger user, email IT at [TechSupport@IrvingISD.net](mailto:TechSupport@IrvingISD.net).
- For more information, check out the School Messenger FAQ at [IrvingISD.net/SchoolMessenger](http://IrvingISD.net/SchoolMessenger).

# COMMUNICATION CHANNELS

## **Peachjar**

Irving ISD has gone digital, and Peachjar is a great resource for digitally sending out flyers. Each school has a Peachjar account and can send digital flyers out prior to event dates, deadlines and other notifications.

Tips for using Peachjar:

- Make sure to post your flyers in advance, giving families ample time to prepare, mark their calendars, etc.
- Provide both an English and Spanish version of your flyers for Spanish-speaking families.
- Include only the most important information in your flyer. To make sure families have all the information needed, provide a website link, evite, etc. on your flyer so they can learn more information.
- To add employees to your school account, email IT at TechSupport@IrvingISD.net.

## **The Insider (online newsroom)**

The Insider is Irving ISD's one-stop shop online newsroom that connects readers to the Irving ISD "stories and news that matter to you." From breaking news and human-interest stories, to news briefs and videos, The Insider is the go-to news source for Irving ISD parents, students, neighbors and the community at large.

## **Email Newsletter (Constant Contact)**

The top stories from The Insider are compiled into a weekly newsletter sent out to all Irving ISD stakeholders – staff, parents, trustees and other community members. Special editions of the email may also be sent to introduce a new feature series or to share prominent information, such as Back to School details.

# COMMUNICATION CHANNELS

## Website

Irving ISD partners with Finalsite (Formerly known as Blackboard) to host the district and campus websites. The custom template is intended to be visually appealing, customer friendly, mobile ready and branded to the district's colors and messaging.

Every school and department page has assigned several people access to the website to maintain its accuracy. For access to the website, email IT at [TechSupport@IrvingISD.net](mailto:TechSupport@IrvingISD.net). For editor access, email Marketing and Communications at [Communications@IrvingISD.net](mailto:Communications@IrvingISD.net).

## Tips for a Good Website

- Use customer-friendly language that makes sense to your audience (parents, community and/or staff). Avoid using educational jargon and acronyms. Appeal to your audience.
- Less is more. Sentences should be short and only include the most important information.
- Include visuals. Use pictures, upload videos and include your department identifier whenever possible.
- Accuracy. Make sure dates are current, information is accurate and website links work.
- Get trained! The Marketing and Communications Department offers several training sessions per year to give website editors an opportunity to learn how to navigate the website.

Support and website assistance can be requested from the Marketing and Communications Department through the Project Request Form.

SOCIAL MEDIA

---

# SOCIAL MEDIA

## Social Media Guidelines

Irving ISD utilizes social media to promote and inform families about upcoming events, important announcements, program offerings, award recognitions and much more. The targeted audience for social media is our families, students and community. The district uses the following social media outlets on constant basis to engage our audience:

- [Facebook \(@IrvingSchools\)](#)
- [Facebook Espanol \(@IrvingSchoolsEspanol\)](#)
- [Twitter \(@IrvingISD\)](#)
- [Instagram \(@IrvingISD\)](#)
- [Nextdoor \(@Irving-ISD\)](#)

Schools and departments wanting to create social media accounts will need to submit a request to the Department of Marketing and Communications. Someone from the department will work with the requester to create an account that aligns with the brand of the district.

## Tips for Hashtags

Including hashtags in your posts can lead to greater engagement and help build your brand. Hashtags also add context to social media posts and allow users to take part in a larger conversation (think affinity days or special Irving ISD celebrations). For effective, engaging hashtags, follow these tips:

- Keep it short and sweet. Hashtags should be less than 20 characters.
- Capitalize the first letter of each word.

**#IrvingGoesToCollege**

- Do not use spaces, punctuation or symbols.
- Limit the number of hashtags you use.

OFFICIAL STYLE GUIDE REFERENCES

---

# OFFICIAL STYLE GUIDE REFERENCES

The primary source of the rules in the Irving ISD Style Guide is the latest edition of the Associated Press Stylebook. Generally considered a guide to news writing, the AP Stylebook provides guidance on a variety of writing questions. Its major focus is providing writing guidance for representatives of the news media. However it is an ideal companion for any writer who seeks to create copy that can be clearly understood by the average reader.

The AP Stylebook may not agree with the Irving ISD Branding and Style Guidelines in every instance. In these cases, writers should look to the district Editorial Guidelines as their primary reference.

## Editorial Guidelines

Below are some frequent exceptions to AP Stylebook rules used in Irving ISD:

### Addressing Students' Parents/Guardians

To be respectful of the many and varied family structures of students who attend Irving ISD, the preferred address for all letters, forms and requests for personal information/signatures from students' parents or guardians is "**Dear, Irving ISD Families.**" However "Parent/Guardian" may also be used.

### AM/PM

Time descriptors are denoted by capitalized letters and no periods.

- **AM** not a.m.
- **PM** not p.m.

### Board of Trustees

References to the **Irving ISD Board of Trustees** or the **Board of Trustees** as an entity are capitalized. When referring to the board without using its full, official name, board is not capitalized. Members of the **Irving ISD Board of Trustees** should be referred to as "trustee," with a lowercase "b" if a name is not used.

- The Board of Trustees voted to approve the budget.
- In Texas, school boards are responsible for policy.

# OFFICIAL STYLE GUIDE REFERENCES

- Trustee Jane Doe will speak to students on Monday.
- John Smith, the trustee for District 8, will address parents.

## Career Pathways and Programs of Study

The terms **career pathways** and **programs of study** as well as the names of specific career pathways and programs of study are not capitalized. Signature programs of study, known as Schools of are capitalized.

- Drone engineering, aviation and aviation technology are the career pathways offered in the School of Aviation at Irving High School.

## Clubs and Organizations

Do not capitalize the names of student clubs and organizations unless the name is unique to that particular club or an official name.

- Students may participate in chess club, photography club, student council and Future Teachers of America.

## Department Names

Official administrative department names are capitalized. Functions are not.

- The Purchasing Department will advertise for bids.
- Some new guidelines have been prepared for purchasing.

## District Name

**Irving Independent School District** is the official name of the district and should be used when referencing the district for the first time in formal documents.

# OFFICIAL STYLE GUIDE REFERENCES

**Irving ISD** is an abbreviation of the official name and may be used in second references and beyond in formal documents and in all references in more conversational pieces – video scripts, social media mentions, flyers, etc. The abbreviation “IISD” should be avoided.

These rules also apply to communications written in Spanish.

## Facility Names

Facilities are referenced by the last name. Avoid using first names, except to distinguish between similarly named facilities – Thomas Haley Elementary School and John Haley Elementary School.

## Months

All months are spelled out in every use, regardless of if a date is used.

- **January** not Jan.
- **February 1** not Feb. 1

## Program Names

Only the official names of specific programs are capitalized. The word “program” is typically lowercase, unless it is part of the official title.

- Gifted and Talented **program**
- The English as a Second Language **program** helps students develop proficiency in the English language.

## Quote Attribution

When attributing quotes in news stories, use the present tense.

- “Irving ISD is the best school district in the nation,” **says** Superintendent Magda Hernandez, not “Irving ISD is the best school district in the nation,” said Superintendent Magda Hernandez.

# OFFICIAL STYLE GUIDE REFERENCES

## Subject Names

Areas of instruction and specific subjects are not capitalized, with the exception of languages, such as English, Spanish or Vietnamese. The name of a department specializing in a subject area may be capitalized.

- Jim's sister likes mathematics best, but Spanish is Jim's favorite subject.
- The Reading Department has issued new guidelines.

## Telephone Numbers

Telephone numbers are distinguished by periods, not dashes or parentheses.

- 972.600.5000

## Titles

Titles used before a name are capitalized. Titles that follow the name are in lower case. Do not capitalize titles when the proper name is set off by commas. Courtesy titles such as Dr., Ph.D., and Ed.D. are used to identify district employees in published information, including programs, directories, newsletters and the district's website.

- Executive Director Jane Doe called a principals' meeting on Thursday.
- John Smith, athletic director, was first on the agenda.
- Superintendent of Schools Magda Hernandez attended the meeting.

## Web Addresses

When listing web addresses, it is not necessary to include "http://," "https://" or "www." Capitalize Irving, ISD and the first letter of each word in the web address.

- IrvingISD.net
- IrvingISD.net/BackToSchool
