# **INFLUENZA (FLU)** Talking to Children About Flu

## **Advice for Parents on Talking to Children About the Flu**

Focus on what your child can do to fight the flu and to not spread flu to others:

Have your child get a flu vaccine. The flu shot may pinch, but it will help protect them from getting sick later. A flu vaccine given as a nasal spray may also be available.

Encourage them to try to stay away from people who are sick.

Encourage them to cough and sneeze into a tissue when they are sick. Throw the tissue in the trash right away. If they do not have a tissue, they should cover their mouth and nose with their arm.

Encourage them to wash hands often with soap and warm water for 15-20 seconds. Set a good example by doing this yourself.

Encourage them to stay home from work and school if they are sick, and stay away from people until they are better.

U.S. Department of Health and Human Services  
Centers for Disease Control and Prevention

# **INFLUENZA (FLU)** Talking to Children About Flu

Encourage healthy habits: eating healthy foods, getting enough sleep, and getting exercise.

Use their questions as a chance to tell them how to avoid the flu and how to not spread flu and other germs.

For more information call CDC info at 1-800-CDC-INFO (232-4636) or go to [www.cdc.gov/flu](http://www.cdc.gov/flu).

### Consejos para que los padres hablen con sus hijos sobre la influenza

Destaque lo que sus hijos pueden hacer para combatir la influenza y no contagiar a otras personas:

Vacune a su hijo contra la influenza. La vacuna inyectable contra la influenza puede sentirse como un pinchazo pero evita que se enfermen más adelante. Es posible que la vacuna contra la influenza también esté disponible en atomizador nasal.

Pídales que se mantengan alejados de personas enfermas.

Díales que tosan y estornuden usando un pañuelo desechable cuando estén enfermos. Que arrojen el pañuelo a la basura de inmediato. Y que si no tienen pañuelos desechables, se cubran la boca y la nariz con el brazo.

Pídales que se laven frecuentemente las manos con agua tibia y jabón durante 15 a 20 segundos. Hágalo usted también para que sigan su ejemplo.

No permita que vayan a la escuela o al trabajo si están enfermos y pídale que se mantengan alejados de otras personas hasta que se sientan mejor.

# **INFLUENZA (GRIPE)**

## **Hable con sus hijos sobre la influenza**

Fomente hábitos saludables: comer alimentos saludables, dormir lo suficiente y hacer actividad física.

Aproveche sus preguntas para explicarles cómo pueden prevenir la influenza y evitar la propagación de la influenza y otros gérmenes.

Para obtener información, llame a los CDC al 1-800-CDC-INFO (232-4636) o visite [www.cdc.gov/flu](http://www.cdc.gov/flu).
